

## Therapy

### Where to find state policy

The [Medicaid Services Manual \(MSM\) Chapter 1700](#) contains State policy for all therapy services, including respiratory therapy services (not discussed here. See MSM Chapter 1700 Section 1703.4). For coverage options under a Medicaid waiver program, see MSM [Chapters 2300](#) and [2400](#).

### What's in Table 34A

The following describes the columns in Table 34A:

- **Code:** All codes in the table are covered. With the exception of lymphedema therapy services, codes that are not in the table are not covered.
- **Description:** This is the code description per the CPT Manual.
- **Session Limit:** *This column indicates the number of units allowed per day, by the same provider, with the same recipient.* Codes with a 1 unit maximum are occurrence-based and all other codes are time-based. A combination of occurrence- and time-based codes may be used but may not exceed a total of four units.
- **Other Instructions:** Other important information regarding the code.

### Prior authorization for therapy services

With the exception of evaluation and re-evaluation codes, all physical, occupational, speech and language, respiratory therapy and maintenance therapy services must be prior authorized.

Authorization does not guarantee payment of a claim. Payment is contingent upon eligibility, available benefits, contractual terms, limitations, exclusions, coordination of benefits and other terms and conditions set forth by the benefit program.

### How to request prior authorization

Submit prior authorization requests to Nevada Medicaid using the online prior authorization system on the [Provider Web Portal](#) by using form [FA-7](#). Complete all applicable form fields.

The request must include measurable goals and sufficient documentation to illustrate that the proposed services are medically necessary as defined in MSM Chapters 100 and 1700. If you have any questions regarding authorization, call Nevada Medicaid at (800) 525-2395.

### How to bill for therapy services

Enter one date of service per claim line (*From* and *To* dates must be the same). Include the appropriate modifier (i.e., GO) on all claims. After prior authorization is issued, billed services must match the approved authorization. Be sure to include the authorization number on all claims.

Submit claims using Direct Data Entry through the Electronic Verification System (EVS) secure Provider Web Portal or use an approved Trading Partner to submit your claims. See EVS User Manual Chapter 3 Claims and the Professional Fee-for-Service 837P Companion Guide for claim submission instructions.

**Therapy****Ordering, Prescribing or Referring (OPR) Provider Requirements**

The Patient Protection and Affordable Care Act and the Centers for Medicare & Medicaid Services (CMS) require all ordering, prescribing and referring physicians to be enrolled in the state Medicaid program (\$455.410 Enrollment and Screening of Providers). The Affordable Care Act (ACA) requires physicians or other eligible practitioners to enroll in the Medicaid program to order, prescribe and refer items or services for Medicaid recipients, even when they do not submit claims to Medicaid. Physicians or other eligible professionals who are already enrolled in Medicaid as participating providers and who submit claims to Medicaid are not required to enroll separately as OPR providers.

For any services or supplies that are ordered, prescribed or referred, the National Provider Identifier (NPI) of the Nevada Medicaid-enrolled Ordering, Prescribing or Referring (OPR) provider must be included on Nevada Medicaid/Nevada Check Up claims or those claims will be denied. To prevent claim denials for this reason, please confirm that the OPR provider is enrolled with Nevada Medicaid; this can be done on the Provider Web Portal by using the Search Providers feature:

<https://www.medicaid.nv.gov/hcp/provider/Resources/SearchProviders/tabid/220/Default.aspx>

Electronic Claims instructions: When reporting the provider who ordered services such as diagnostic and lab, use Loop ID-2310A. For ordered services such as Durable Medical Equipment, use Loop ID-2420E. For detailed information, refer to the 837P FFS Companion Guide located at: <https://www.medicaid.nv.gov/providers/edi.aspx>

Direct Data Entry/Provider Web Portal instructions: On the Service Detail line enter the OPR provider's NPI in the Referring/Ordering Provider ID field, and select "Yes" or "No" to indicate it if is an Ordering Provider. For further instructions, see the Electronic Verification System (EVS) User Manual Chapter 3 located at:

<https://www.medicaid.nv.gov/providers/evsusermanual.aspx>
